COLOURS:

Colours within this document may differ due to the finished manufactured product. CMYK and RGB are not reliable colour measures for large format digital printing. If you have not specified Pantone colours or provided a print-out for colour matching, colours cannot be guaranteed. If you have specific colour requirements we recommend that you order a sample. One proof will be provided before production and customer is entitled to one alteration free of charge. There after we may need to charge for extra design time if more than one revision is required. Please note also that changes to your design during the proofing phase that affect the dimensions or materials from what was quoted may result in changes from the originally quoted price as well as longer project completion times.
